

The two prize-winners for the 2017 Christmas Tree Festival sponsored by the HDFA are:

The Refill Tree made of plastic bottles and other plastic rubbish collected from Hunstanton beach in the past month.

This was an outright winner well ahead of the rest of the field! It will be on display in the Tourist Information Centre for a short period.

The youth prize was won by Smithdon School Science with their clever Chemis-Tree of innovation.

They each won a prize of £50. There were 28 entries this year.

The Jane Austen Quiz was won by Dr Ros Ballester who was the only one that got everything right!
